

Chapter 3

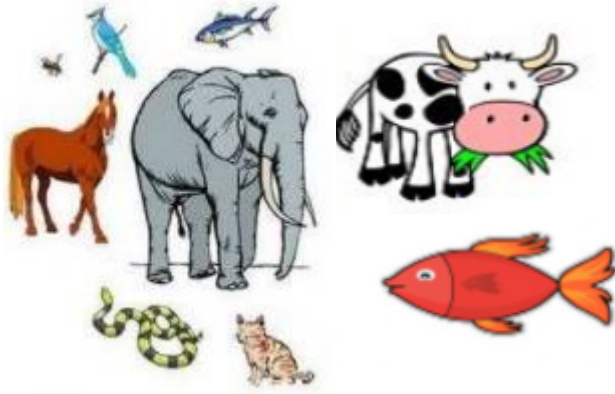

Lesson 1

What are living things and non-living things?

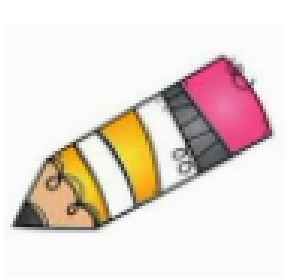

Non-living things:

Living things:

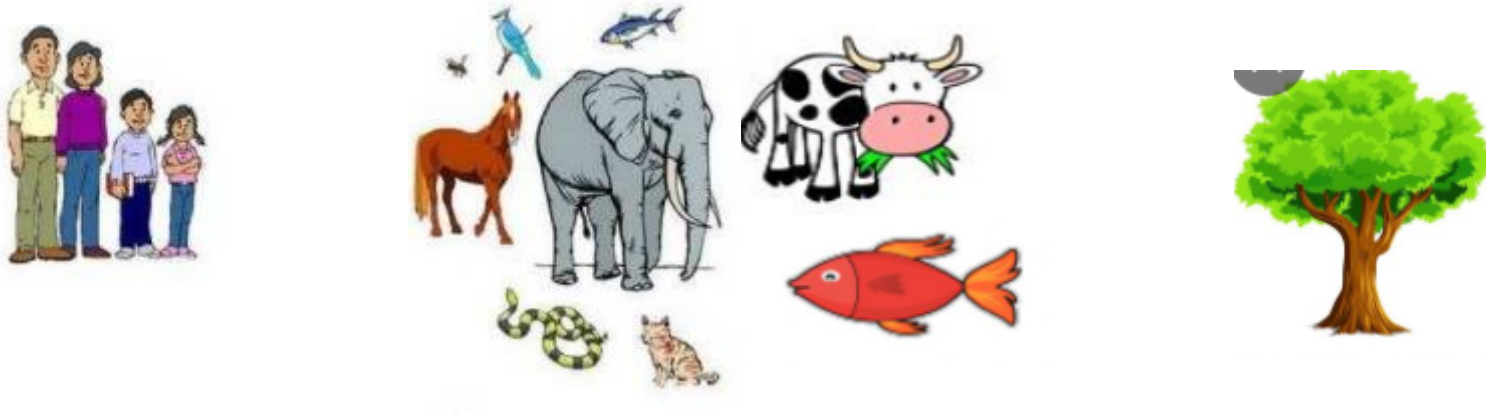

Non-living things:

Non-living things

- do not grow.
- do not change on their own.
- do not have young.
- do not move on their own.

Living things:

Living things

- can grow.
- can change on their own.
- can have young.
- many living things move on their own.

Non-living things

- ▶ Do not grow
- ▶ Do not change on their own
- ▶ Do not have young
- ▶ Do not move on their own

Living things

Can grow
Can change on their own
Can have young
Many living things move on their own

Tell if it is living or nonliving.

I will know
how nonliving things
are different from
living things.

Words to Know

nonliving
living

Nonliving Things

Nonliving things do not grow.
Nonliving things do not change on
their own.

Nonliving things do not have young.

Nonliving things do not move on
their own.

Write two nonliving things that are
in the toy box.

Tell why they are nonliving.

Handwriting practice lines consisting of three horizontal lines (top, middle dashed, bottom) for writing.

Living Things

Living things can grow.

Living things can change on their own.

Living things can have young.

Many living things move on their own.

Plants are living things.

Animals are living things.

You are a living thing too.

Look at the picture.

Circle two living things.

Draw an X on two nonliving things.

🎯 **Draw a Conclusion Tell** how you know which things are living.
